SITE DEVELOPMENT | OILFIELD CONSTRUCTION
GENERAL CONTRACTING

WHO WE ARE

Howitt Construction Ltd was established in the early 1980's in the Red Deer area as a family business. It began with a few pieces of equipment doing small scale projects and has since grown to working throughout Alberta and Saskatchewan. Our medium size combines the best of both worlds, care of a hometown business but experience and knowledge that comes with growth and expansion.

Management has extensive civil and oilfield industry experience in a variety of applications such as landfill cell development, road construction, site development and oilfield development. Our project teams work closely with clients toward the common goal of quality results. We believe our employees are our greatest asset and combined with experience and dependable equipment, this translates into more effective projects through cost savings, increased production, and equipment availability.

THE HOWITT ADVANTAGE

Howitt Construction is experienced in both civil and oilfield projects. Drawing on resourcefulness, industry knowledge and drive, we understand the uniqueness of each project and provide a service tailored to the client.

Our management team is innovative and continually looks for new and overlooked methods and equipment to improve our processes and efficiency. This results in improved client satisfaction.

With our drive and resourcefulness let Howitt Construction help you build your vision.

SAFETY POLICY

Howitt Construction Ltd. is committed to a strong safety program that protects its client, staff, property, environment and the public from incidents.

Employees at every level, including management, are responsible and accountable for the company's overall safety initiatives. Management encourages participation in the program by all employees and provides proper equipment training and procedures. An injury free work place is our goal, and through continuous safety, loss control efforts, and a solid drug and alcohol program we can accomplish this.

Howitt Construction Ltd. has a full time safety coordinator on staff to ensure the program is being administered to its full potential.

The company maintains:

- "Partnership in Injury Reduction" program
- Certificate of Recognition (C.O.R.)
- ComplyWorks compliant
- ISNetWorld compliant

ENVIRONMENTAL POLICY

Howitt Construction Ltd. is committed to the protection of the environment and will strive to meet or exceed all federal, provincial and municipal environmental law and contractual requirements set out by the client.

Management will develop and enforce good environmental standards in accordance with relevant legislation at each worksite and will consider the appropriate protection of humans, animals, plant life, air, water, and soil.
